

Call for projects 2023 - N° 1 - Basic research in cardiology

The Belgian Heart Fund, the Fund Walckiers-Van Dessel and the Fund Fernand Léonard were created to support research in cardiology in Belgian institutions.

The Belgian Heart Fund was created in collaboration with the Belgian Society of Cardiology.

All 3 Funds are managed by the King Baudouin Foundation with the help of a Fund Steering Committee. Research projects are reviewed by an independent scientific jury.

The Funds are launching a joint call for projects in the field of **basic research** in cardiology. *

Subject of the call

The call concerns non-commercial projects for **basic research** in the field of cardiovascular research. This research encompasses scientific disciplines such as biochemistry, physiology, and pharmacology and their interplay and involves laboratory studies with cell cultures, animal studies or physiological experiments. Patients are not in the centre of the study but biological samples (e.g. blood) can be used for this purpose.

Selection criteria

Scientific quality of the project

Quality of the research

- Design, including a timeline, statistics, sample calculation, feasibility, potential etc.
- Innovative approaches
- Relevance/added value of the research to existing knowledge

Track record

- Track record and career potential of the project leader
- Potential of the research team and - in case of multicentre project - collaborating teams (scientific environment, competence, experience...)

Budget

- Adequacy of the budget

Eligible applicants

Project

The project is in the scope of the call and meets the scientific criteria. The project has not been awarded yet with a grant or prize by any of the supporting funds.

The same project can't be introduced in the framework of one of the other ongoing calls of the Belgian Heart Fund. (see*)

The project has to be initiated and carried out, at least for the largest part, in one or more Belgian institutions.

Organizations

The Foundation will only fund not-for-profit organizations.

Project leader

The call is open to researchers employed for more than 2 years in an academic centre, a university hospital or non-university hospital in Belgium. Project leaders of selected project should be a Member of the Belgian Society of Cardiology.

Belgian Heart Fund / Fund Walckiers-Van Dessel / Fund Fernand Léonard

If the project leader has been awarded a BHF award previously, the current project will only be taken into consideration if all previous activity reports have been received by the fund secretary.

Collaborations

- Collaborative projects are encouraged. In case of a multicentre project, the applicant should be the principal investigator of the project.
- Projects that involve collaboration between research teams internationally must be initiated and coordinated by the team based in Belgium.

Grant

- 1 to maximum 3 high level research projects will be supported. Maximum amount per project: €20.000
- No overhead can be deducted from this grant. The entire amount of the grant must go to the researcher and his team.
- The support can be used for all costs related to the project.

Procedure

If you are interested, please submit **an online application** via the website of the King Baudouin Foundation www.kbs-frb.be. Applications should be submitted **in English** by 9th October 2023 at midnight at the latest. Candidates will receive an acknowledgement of receipt.

Selection

Applications will be submitted to an independent scientific jury. The jury will assess the projects and will draw up recommendations for the General Steering Committee of the Fund which will make the final decision. The decision will be published in January 2024. The grant will be officially awarded at the annual congress of the Belgian Society of Cardiology planned in February 2024.

Contact

- For technical assistance during the application process:
Contact center – Tel +32-(0)2 500 45 55 – info@kbs-frb.be
- For information regarding the call:
KBF: Laetitia Aerts – Tel +32-(0)2-549 02 33 – aerts.l@kbs-frb.be
BSC: Yolanda Thornton – bsc@bscardio.be

*** Interested in support for research projects in other domains of cardiology? Have a look at the other ongoing calls:**

N° 2. Clinical research in cardiology , launched by the Belgian Heart Fund and the Fund Fernand Léonard.

N° 3 Call for Multicentre clinical trials, launched by the Belgian Heart Fund.

N° 4 Prize Léon Dumont, launched by the Belgian Heart Fund.

N° 5 Call for translational and clinical research in cardio-oncology, launched by the Fund for research in cardio-oncology.

Information on the ongoing calls is available on the websites of the King Baudouin Foundation and of the Belgian Society of Cardiology.

Please note that one same project can only be introduced once, parallel introduction of the same project in different calls is not allowed. On the other hand, a candidate or team can submit different projects for different calls.

With thanks to the Belgian Society of Cardiology and their sponsors, including the BHF donors, for their valued support.

King Baudouin Foundation

Working together for a better society

The King Baudouin Foundation's mission is to contribute to a better society.

The Foundation is an actor for change and innovation, serving the public interest and increasing social cohesion in Belgium and Europe. We seek to maximize our impact by strengthening the capacity of organizations and individuals. We also stimulate effective philanthropy by individuals and corporations.

The Foundation's key values are integrity, transparency, pluralism, independence, respect for diversity, and promoting solidarity.

The Foundation's current areas of activity are poverty and social justice, philanthropy, health, civic engagement, developing talents, democracy, European engagement, heritage, development cooperation and sustainable development.

The Foundation was set up in 1976 on the occasion of the 25th anniversary of King Baudouin's reign.

With thanks to the Belgian National Lottery and its players, and to our many donors for their valued support.
