

# Fund Abefradoc-Benevermedex - *Assure your Future*

## Call for research projects 2025

The Fund Benevermedex – *Assure Your Future* was established in 2017 under the umbrella of the Dutch-speaking Association of Insurance Physicians and Medical Experts (Belgische Nederlandstalige Vereniging van Verzekeringsraadsartsen en Medische Experts vzw). In 2025, the French-speaking organisation Abefradoc (Association Belge Francophone du Dommage Corporel, asbl) joined the Fund.

Through its support for scientific research, the Fund Abefradoc-Benevermedex aims to contribute to the prevention, assessment, compensation, and overall quality of life for the many victims of accidents. In addition, the Fund is committed to identifying and addressing unmet needs within the insurance sector—such as the evaluation of mental health disorders or determining the monetary value of human life.

The Fund is managed by the King Baudouin Foundation and receives financial support from Assuralia.

### Call for projects 2025

The Fund Abefradoc-Benevermedex – *Assure Your Future* is launching a call for scientific research projects in the field of private insurance, relating to:

- the prevention of personal injury (e.g., traffic accidents, occupational accidents, chronic illnesses);
- the improvement of the quality of assessment, rehabilitation, and compensation of personal injury;
- the medical and health economic aspects of personal insurance (e.g., life insurance, health insurance)."

**Target Audience** This call is open to researchers working at a research institution in Belgium (such as universities, university colleges, etc.) that conduct scientific research in the specific fields outlined in the call.

### Selection Criteria

Research proposals submitted will be evaluated by an independent jury on the basis of the following criteria:

- The scientific quality of the project.
- The relevance and potential impact of the project on private insurance: to what extent does the project address unmet needs in the sector or contribute to improving existing processes?
- The feasibility of the project within the allocated time and budget.

### Budget

A total budget of up to €45,000 is available for this call. This amount may be distributed among multiple projects.

No overheads may be deducted from the(se) grant(s).
